

DATE: July 6, 2023
TO: Commonwealth of Kentucky Medicaid Pharmacy Network
FROM: MedImpact Healthcare Systems
Subject: **Vaccine Administration Fee**

Status: In light of the COVID-19 pandemic and the noticeable increase in vaccinations administered by pharmacy providers in recent years, DMS will be increasing the current vaccine administration fee of \$3.30 for vaccines covered under the pharmacy benefit (with the exception of COVID-19 vaccines which receive a \$40 administration fee). The new administration fee will be \$27.49 for the first dose in the series. Each subsequent dose will receive an administration fee of \$9.80 (if applicable). The effective date of this change is October 16, 2023 and as we move closer to the effective date, MedImpact will send correspondence regarding billing instructions. We thank you for serving our members and ensuring that vaccinations are a high priority.
