

**\*\* Kentucky Medicaid Pharmacy Provider Notice #268 – Physician Protocol for COVID-19 Test Kits \*\***

**\*\*This applies to both Fee-For-Service Medicaid and the Managed Care Organizations\***

**January 31, 2022**

Pharmacies can begin billing for At-Home COVID-19 Test Kits on February 2, 2022, for Fee-For-Service (FFS) members and immediately for Managed Care Organization (MCO) members.

Attached to this notice you will find a statewide Physician Protocol issued by DMS Medical Director, Judith Theriot allowing pharmacies to receive reimbursement on COVID-19 test kits for members who do not have a prescription.

**Pharmacies should input Dr. Theriot’s National Provider ID (NPI) in the Prescriber ID field. DMS does not currently enroll pharmacists as providers. Therefore, the Pharmacist/Pharmacy NPI should not be utilized in the Prescriber ID field. \*\*All noted procedures must be followed to receive reimbursement\*\*.**

Thank you for assisting Kentucky Medicaid members in accessing COVID-19 test kit coverage by following the above billing guidance. For additional information or any questions you may have, please contact the Kentucky Magellan Medicaid Administration team at [kyproviders@magellanhealth.com](mailto:kyproviders@magellanhealth.com) for Fee for Service Members and [KYMCOPBM@medimpact.com](mailto:KYMCOPBM@medimpact.com) for MCO members. Sincerely,

*Sha Leigh Hammons*

## Kentucky Statewide Physician Protocol for Point of Care COVID-19 Testing

### Purpose

This statewide physician protocol signed by a physician with the Kentucky Department for Medicaid Services specifies the criteria and procedures for eligible pharmacies who have met the requirements established by the Kentucky Board of Pharmacy and in accordance with the Governor’s Executive Order to prevent the spread of COVID-19 in the Commonwealth. *This signed protocol is intended for pharmacists that **do not** have a medical provider to issue a protocol.*

<b>Point of Care COVID-19 Testing Protocol</b>	
<b>Pharmacy has an active CLIA Certificate of Waiver</b>	<ul style="list-style-type: none"> <li>• Pharmacist collects specimen or aids in self-collection of the specimen; specimen is tested by the pharmacy using a point-of-care test</li> <li>• The Kentucky Office of the Inspector General Division of Health Care processes CLIA applications. Additional information can be found <a href="#">here</a>.</li> <li>• Testing and or collection site pharmacies should reach out to the <a href="#">Kentucky Department for Public Health</a> to be added to the Kentucky COVID-19 testing facility list.</li> </ul>
<b>Testing Supplies</b>	<ul style="list-style-type: none"> <li>• Pharmacy obtains point-of-care testing machine and testing cassettes               <ul style="list-style-type: none"> <li>○ These tests that can be administered in a CLIA waived setting, found <a href="#">here</a> on the FDA website</li> <li>○ Point-of-care identified as a test with a “W” under “Authorized Settings,” will be allowed during the state of emergency</li> </ul> </li> <li>• Pharmacy has obtained specimen collection kits</li> <li>• Pharmacy employees have received training on testing machine</li> </ul>
<b>Personal Protective Equipment</b>	<ul style="list-style-type: none"> <li>• <a href="#">CDC Infection Control Guidance for Healthcare Professional about COVID-19</a> has been reviewed</li> <li>• <a href="#">CDC Collecting, Handling, and Testing Clinical Specimen from Persons for COVID-19 Interim Guidelines</a> have been reviewed</li> <li>• Pharmacy obtains adequate PPE</li> <li>• All pharmacy employees have been trained on minimum storage, disposal/recycling, and use of PPE including fit testing prior to using N-95 respirators</li> </ul>
<b>Specimen Collection</b>	<ul style="list-style-type: none"> <li>• <a href="#">CDC Collecting, Handling, and Testing Clinical Specimen from Persons for COVID-19 Interim Guidelines</a> have been reviewed</li> <li>• Pharmacy has reviewed manufacturer instructions</li> <li>• Pharmacy employees are trained on the type of specimen collection</li> <li>• Policies and procedures are in place to address collection, storage and transport of samples               <ul style="list-style-type: none"> <li>○ Collection is encouraged to take place outside in order to minimize exposure to others in the pharmacy</li> </ul> </li> <li>• Pharmacy has identified a proper method of disposal of specimens and any PPE that may have been in contact with patient</li> </ul>
<b>Communication of Results</b>	<ul style="list-style-type: none"> <li>• <a href="#">CDC Clinical Guidance for Management of Patients with Confirmed COVID-19</a> has been reviewed</li> <li>• Pharmacies develop policies and procedures for reporting results to the patient and the patient’s primary care provider including test results within the same day</li> <li>• Pharmacy has the responsibility to inform the patient of results conducted at point-of-care</li> <li>• Ensure patient has a mask or provide the patient with a mask</li> <li>• Pharmacy must report all positive COVID-19 tests to the Kentucky Department for Public Health via the <a href="#">Person Under Investigation (PUI) Report</a> form</li> </ul>

	<ul style="list-style-type: none"> <li>Pharmacy must report all positive COVID-19 tests to the Kentucky Department for Public Health via the <a href="#">Kentucky Reportable Disease form</a></li> </ul>
<b>Reimbursement</b>	<ul style="list-style-type: none"> <li>Pharmacies must enroll as a DME provider</li> <li>Pharmacies can then bill using their existing NPI on a CMS 1500 or 837 P electronic form</li> <li>Pharmacies should have a standing order from a licensed and enrolled Medicaid provider for COVID-19 testing             <ul style="list-style-type: none"> <li>This document will serve as the standing order for the Kentucky Medicaid Medical Director.</li> </ul> </li> <li>Current HCPCS codes of U0002 and CPT 87635 should be billed to Medicaid for COVID-19 testing</li> </ul>
<b>COVID-19 At Home Tests</b>	<ul style="list-style-type: none"> <li>FDA approved at home tests for COVID-19 will pay through the pharmacy benefit</li> <li>Prescriptions will not be required for over the counter at home tests</li> <li>Pharmacies may fill up to 8 tests per member per rolling 30 days</li> <li>Prescriptions are required for COVID at home tests that are “Rx” products</li> </ul>
