Subject: **Generic Fluticasone HFA Moving to Preferred PDL Status**

On December 31st, 2023, GlaxoSmithKline (GSK) has discontinued all strengths of Flovent HFA and Flovent Diskus. Supply is expected to diminish across the United States during the first quarter of 2024.

In an effort to minimize therapy disruptions for patients as well as the provider community, generic Fluticasone HFA inhalers will be moving to preferred status in the Glucocorticoids, Inhaled PDL class. This change will be effective on **Friday January 5, 2024.**
