

DATE: September 17, 2025
TO: Commonwealth of Kentucky Medicaid Pharmacy Network
FROM: MedImpact Healthcare Systems
Subject: Xifaxan Coverage Update and Patient Assistance Program

Status: Effective **October 1, 2025**, the manufacturer of Xifaxan (rifaximin) will cease participation in the Medicaid Drug Rebate Program (MDRP). As a result, **Xifaxan will no longer be eligible for coverage under Kentucky Medicaid.**

To support impacted members, the manufacturer, Bausch Health, is directing them to its Patient Assistance Program (PAP), which may provide Xifaxan at no cost to eligible individuals. Members with Medicaid as a secondary insurance may not qualify for this program.

Details: For full eligibility requirements and enrollment, please visit: www.bauschhealthpap.com and click on the “Application for Medicaid-Only Patients” link.

We encourage providers to inform patients about this change and help connect them with the Patient Assistance Program to ensure continuity of treatment. For questions or additional information, please contact the Bausch Health Patient Assistance Program at 1-833-862-8727.
