Q. How does the “lowest of logic” for payments to pharmacies work?

All available price inputs are calculated, and the lowest instance will be the Medicaid allowed amount and will be the final price type.

Frequently Asked Questions

Q. Where can I find the single Preferred Drug List (PDL) and how often is it updated?

Effective 1/1/24, MedImpact will be managing the PDL. It will be posted on the MedImpact portal. Updates will occur with P&T changes as needed. (<https://kyportal.medimpact.com/provider-documents/drug-information>)

Q. Will the dispensing fee be reduced if paid at usual and customary (U&C)?

The claim will be paid at U&C, no additional fees will be paid. This is the same for MCO and FFS.

Q. Do pharmacies need to get new Prior Authorizations from MedImpact?

Members' existing Prior Authorizations have been transferred to MedImpact and will be in effect through their original end date.

Q. Do pharmacies need to submit OPPRA (Other Payer-Patient Responsibility Amount – NCPDP Field NP) for COB claims?

No, CHFS is requiring OPAP (Other Payer Amount Paid – NCPDP Field HC) for COB claims.

Frequently Asked Questions

Q. With the change to MedImpact, have there been a lot of PDL (formulary) changes?

No, there haven't been major changes to the formulary. The portal contains links to documents, notices, past and upcoming changes to the PDL and P&T committee meeting information.

Q. Did Member Medicaid ID's change?

No. The previous PBM stored multiple old ID numbers; however, MedImpact will only store one alternate ID. Pharmacies should request the member's new card and update their system with the new ID.

Q. Why is the claim rejecting for "No member found" when the submitted Medicaid ID is correct?

MedImpact verifies a member on their Medicaid ID and their date of birth. Please confirm the member DOB and update it in your pharmacy system. Please refer to the member-to-member services help desk at 800-635-2570 to ensure the Commonwealth has the correct date.

Q. Where can pharmacies initiate a MAC research request?

The form can be found on the MI portal with the link below.

CHFS Provider Enrollment Process

- Pharmacy Enrollment and any changes to provider information must be made through the [Medicaid Partner Portal Application \(MPPA\)](#)
- MedImpact receives provider enrollment and payment method information from The Commonwealth daily (Monday-Friday). This information is loaded into the system nightly.
- Per KY Regulations, The Commonwealth has sixty (60) days to complete a “clean” application. Clean means no corrections. The Commonwealth doesn’t typically take the full 60 days, but it is dependent on the volume of applications and could take on average from 5-30 days.
- All new enrollees will be set up to receive checks, via US mail until their EFT information is processed by The Commonwealth and sent to MedImpact. This process takes up to 21 days.

CHFS Provider Enrollment Process

- Pharmacy information updates, such as change of ownership, changing banks or bank accounts that may affect the EFT information can also take up to 21 days to be processed by The Commonwealth and sent to MedImpact. During this 21-day period, payment method is reverted to check payments sent via US mail.
- Until MedImpact receives the final, approved information, we cannot make any manual updates to the payment method during this processing time.
- Due to the timing of the data received from The Commonwealth, pharmacies could potentially get a manual check and an EFT payment for a single EOB cycle.
- Pharmacies may check the portal for application and change updates and call The Commonwealth Provider Enrollment help desk at 877-838-5085 **M-F 8:00 am – 4:30 pm EST.**

Automatic Refill Policy

- The Commonwealth of Kentucky Department for Medicaid Services (DMS) does not allow automatic refills or automatic shipments of drugs, devices, or supplies. Members and providers cannot waive the explicit refill request requirement and enroll in an automatic refill program.
- This policy applies to all DMS members, including Fee-for-Service members, Managed Care members, dual-eligible members and members with other primary insurance.
- Electronic, verbal, or written requests to refill are acceptable. Documentation of automatic refill requests must be made available for review by auditors.
- Pharmacies must receive an explicit request from the member or the member's responsible party before refilling a prescription.
- DMS does allow pharmacies to have a Medication Synchronization Program.
- The Automatic Refill Policy is available in the updated Provider Billing Manuals on the Kentucky Medicaid Provider Portal. <https://kyportal.medimpact.com/provider-information/provider-information>

Electronic Payment

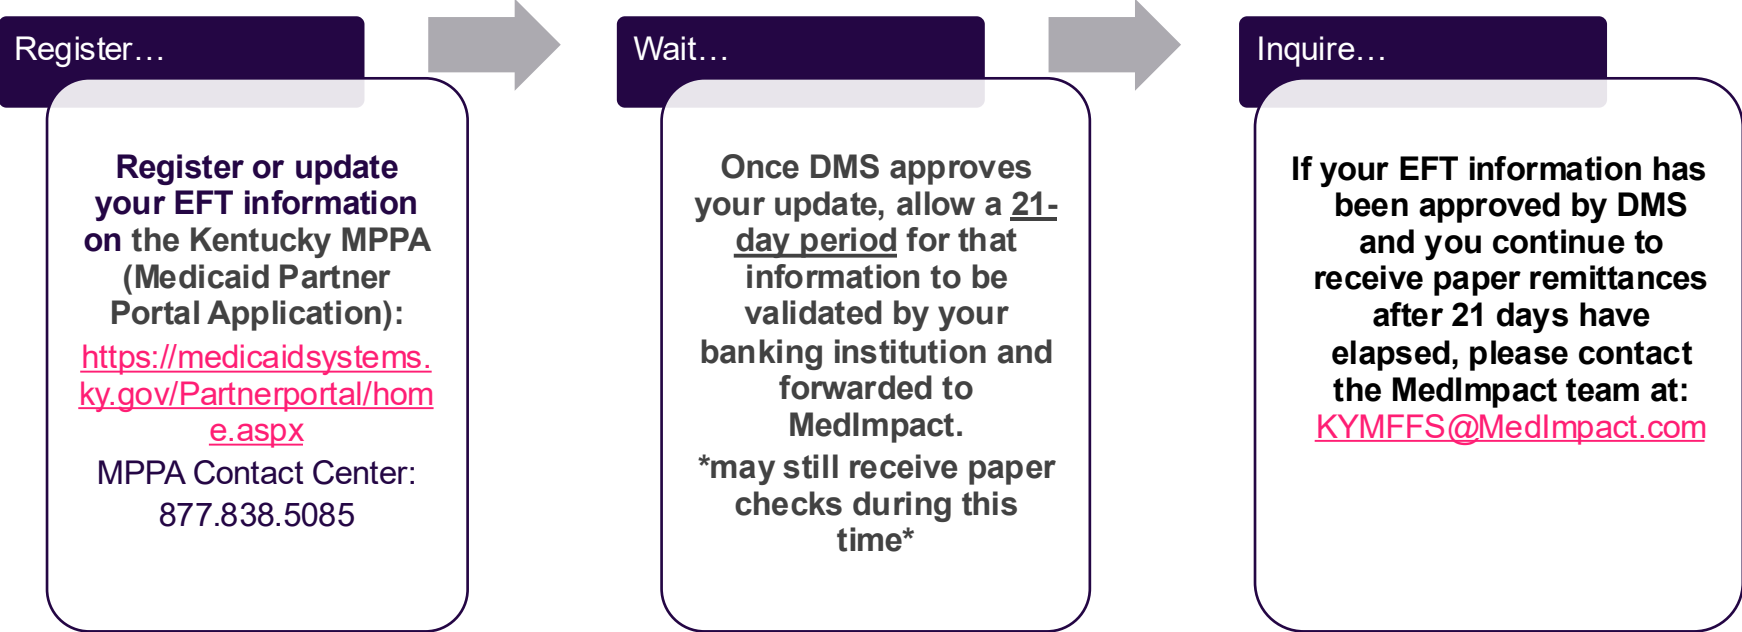

- MedImpact continues to encourage all pharmacies who are currently receiving paper reimbursements to register with Kentucky Medicaid for electronic payments.

NADAC Reimbursement

- MedImpact would like to provide some context regarding potential decreases in NADAC reimbursement rates that pharmacies may experience. Changes in market conditions, such as fluctuations in drug wholesale prices, shifts in manufacturer pricing, or changes in supply chain dynamics, can result in updated reimbursement rates that may be lower than previous amounts.
- The following information will enable pharmacies to identify the price source used for reimbursing each claim. The final reimbursement determination pricing information is returned in the claim response Basis of Reimbursement Determination (NCPDP field #522-FM). The value and the corresponding reference price source are shown below:
 - 4 – Usual & Customary Paid as Submitted
 - 6 – MAC
 - 10 – ASP
 - 13 – WAC
 - **20 – NADAC**
 - 24 – FUL
- Providers can see the most up-to-date NADAC prices on the CMS website which is linked on the next slide. Website users may track changes inclusive of the updated NADAC price and effective date. For brand products, compendia posted updated NADAC price(s) may be backdated to the effective date of the WAC or AWP increase.

NADAC Reimbursement

• TO IDENTIFY UPDATED NADAC PRICE CHANGES, PLEASE SEE BELOW.

- Click on the CMS Pharmacy Pricing Page: [Pharmacy Pricing: Medicaid](#)
 - Scroll to the NADAC Cost Comparison Data Section
 - Click on the most recent weekly NADAC Comparison downloadable files. The file identifies what NADAC prices have been updated, the new and old NADAC price along with the effective date. Field values in this file are described below.

NADAC File Name	Field Description
NADAC Effective Date	The date the NADAC price becomes effective; typically, retroactive to the date of the WAC change.
As of Date	The date the NADAC price was updated by Myers & Stauffer (M&S); aligns with the weekly (Wednesday) M&S maintenance cycle.

Pharmacy providers should use the NADAC help desk form to submit NADAC pricing inquiries. This form is available at <https://www.medicaid.gov/medicaid/prescription-drugs/downloads/retail-price-survey/hdform.Pdf>. All fields must be complete for proper submission. Please do not include any personal health information (PHI) on the submitted form or invoice.

NADAC/WAC Pricing

- NADAC prices for brand name products increase throughout the year, with most price increases occurring in the months of January and July because of drug manufacturers increasing their Wholesale Acquisition Cost (WAC) and Average Wholesale Price (AWP) prices.
- MedImpact would like to provide a review of the NADAC process and the ability to potentially reverse and reprocess claims on products which providers' acquisition cost may have increased.
 - MedImpact reimburses providers as required, according to the Kentucky Department for Medicaid Services (DMS) fee-for-service (FFS) reimbursement methodology. The FFS methodology includes the NADAC benchmark at which most claims reimburse. The NADAC is a published pricing benchmark maintained by the Centers for Medicare & Medicaid Services (CMS), not MedImpact or DMS; therefore, neither MedImpact nor DMS have the capability to adjust the NADAC price. NADAC updates are posted to the CMS website every Wednesday.
 - Updated brand NADAC prices are typically reflective of increases in WAC and AWP for the previous week.
 - Drug Compendia (e.g.: First Databank and Medi-Span) pull down the updated NADAC file and incorporate the changes into their Medicaid Pricing Modules.
 - Updated weekly NADAC prices are then loaded into MedImpact's claim adjudication system the following Friday.
 - NADAC prices are reviewed for updates on both a weekly and monthly schedule – Weekly due to changes in published rates (i.e., WAC)

Pharmacy Acquisition Cost	\$98	\$98		\$85
Pharmacy Reimbursement Based on Lowest of Logic	\$100 (WAC) + \$10.64 (DF) = \$110.64	\$90 (WAC) + \$10.64 (DF) = \$100.64		\$88 (NADAC) + \$10.64 (DF) = \$98.64

Reduced Provider Payments (Due to Reversals)

- Reversal and resubmission of claims can cause a temporary reduction in expected weekly payments. The reduction in payments is due to reversals from a previous EOB cycle that result in an accounts receivable that is applied to the next provider payment.
- While resubmission of the same claim results in a payment to the provider, they must go through the standard EOB cycle to allow funding for payment as seen in the table below.
- This is more impactful during the months of January and June when NADAC pricing is adjusted.

EOB Start	EOB End	Invoice Date to MCO/DMS	Provider Payment Issued
