Subject: **MCO Pharmacy Lock-In Program Policy**

Status: MedImpact would like to inform the provider network with the most up to date lock-in program policy and appropriate contact information for each managed care organization (MCO).

The Lock-in program restricts a members' utilization to a single designated prescriber, pharmacy or both. Member Lock-In identification, management, and updates remain the responsibility of the member's MCO plan. MCOs provide member lock-in files to MedImpact on an as needed basis, sending updated member restriction records when changes are necessary. Please see attached the lock-in program policy for each MCO.
