FROM: MedImpact Healthcare Systems
Subject: Vaccine Coverage Expansion – Kinrix & Quadracel

Effective March 3, 2023, Kentucky Medicaid MCO Single PBM Program will expand its pharmacy benefit vaccine coverage to include **Kinrix and Quadracel**. Pharmacy providers who are qualified to provide and administer vaccines may submit claims for the covered vaccines.

As a reminder, pharmacies must submit vaccine claims with a Professional Service Code (NCPDP Field# 440-E5) of 'MA' – Medication Administration as well as an Incentive Amount (NCPDP Field# 438-E3) as described in MedImpact's Medicaid Payer Sheet.

For access to the Medicaid Payer Sheet and a comprehensive list of vaccines covered under the Kentucky Medicaid MCO Single PBM Program, please visit our Provider Portal.
(<https://kyportal.medimpact.com/provider-documents/provider-documents>).

NCPDP Field#	NCPDP Field Name	Required Submitted Value
438-E3	Incentive Amount Submitted	Up to state allowed administration fee amount
440-E5	Professional Service Code (PSC)	MA – Medication Administration
