Subject: Temporary PDL Change Due to Shortage Ending

Status: Due to quantity limitations of Ventolin HFA as well as shortages of Proventil HFA, the Department for Medicaid Services (DMS) had temporarily changed the Kentucky Medicaid Pharmacy Preferred Drug List (PDL) to move generic albuterol HFA to preferred status on June 30, 2023. DMS has been notified the allocation issues have been resolved. Starting Wednesday, October 4, 2023, albuterol HFA will move back to non-preferred status and will need prior authorization. Proventil HFA and Ventolin HFA, as preferred products, will continue to adjudicate without prior authorization.
